

“Everywhere You Go”

Lyrics and Music by Vicky Curtis and Stuart Mathis

Sung by Sara Aili

VERSE 1

I never had a regret
The life I wanted, you gave to me
And I felt lucky , Wishes left in pennies found
I didn't need

PRE

Don't wonder where I've gone
Don't wonder where I am

CHORUS

Cause I am home, I am home, I am home
And part of your soul, Everywhere you go

VERSE 2

I'm in the snowflake that hits your nose
in a place I'll never grow old
I am the star, that's shining bright
On your darkest night

PRE

Don't wonder where I've gone
Don't wonder where I am

CHORUS

Cause I am home, I am home, I am home
And part of your soul, Everywhere you go

BRIDGE:

When all you see are mountains
they aren't so big from here
Use faith to find the answers
It all became so clear
Clear from here

VERSE 3

I'm in stories round the campfire
in the laughter with old friends
And I am free, high above the canyons
Racing the wind

CHORUS

Cause I am home, I am home, I am home
And part of your soul, Everywhere you go
